Professional Profile

Mr. Hussain is a seasoned technology executive with 27 years of experience in Enterprise Architecture, Mergers & Acquisitions (M&A) integration, IT Service Management (ITSM/ServiceNow), and complex engineering program delivery. His sector expertise spans telecommunications, healthcare, energy, and financial services. At USAA, he served as Head of Engineering and Senior Technical IT Leader, directing agile teams of 30+ technical personnel in delivering secure cloud applications and hybrid environment integrations.

As Director of Technology and Senior Program Manager, Mr. Husain has spearheaded bank-wide PCI-DSS and Privacy compliance programs and implemented AI-driven threat detection systems. He has led deployments of 5G and Edge computing solutions for global clients and directed major AWS cloud migration initiatives. With project leadership experience across 5+ countries in Asia and North America, and proficiency in five languages, he brings a uniquely global perspective to technology strategy and delivery.

As Chief Technology Advisor, Mr. Hussain serves as an IT applications Expert.
